## New Date for Light for a Life Lantern Launch: August 18

a Light  
for a Life

**Purchase a lantern to honor every baby lost to abortion** in Northwest Ohio. Our goal of 1,269 lanterns will mean a light for every preborn boy and girl lost to abortion last year. Then join us for an evening launch on August 18, as we make a strong visual impression for how many children are missing in our homes, pews and school desks. Visit the Light for a Life site on our events tab at [fflno.org](http://fflno.org) to purchase one or more lanterns. Let's not let a single child go without a memorial light.
